Work-Oriented Training Pathway (WOTP)

James Lyng High School WOTP

Different Students-Different Paths

There are many ways to achieve Ministry certification. Some students will achieve success by following a pathway which allows them hands-on experience in the workplace, alongside their classroom studies. For others, a five-year academic program is best. Many of these youth will go on to Vocational Training or to CEGEP and University.

The WOTP is a one-year program during which students spend three days per week in class and two days in a job placement. Academics focus on English, French and Math, as well as a life skills course: Preparation for the Job Market.

Course Breakdown	Hourly Requirement
English	200 hrs
Math	150 hrs
French	100 hrs
Preparation for the Job Market	75 hrs
Stage Placement	375 hrs

WOTP Eligibility

- 15 yrs or older
- Interview
- Academic Requirements are looked at on a case-by-case basis

What's Next After WOTP?

Upon completion of the year in WOTP, students may choose to return to a regular high school program, although they may opt for direct entry into the job market. Whatever the choice, our students move forward having the sense of achievement that comes with acquiring Ministry certification. They develop greater maturity as well as a wealth of experience, leaving them better prepared for their future endeavors.
